### Judge Not– Monica Blair

#### **Judge not**

You now at times when something goes wrong in our life, we always look to pass the blame to someone else, which is wrong.

With this pandemic all over the world countries blaming other countries for creating the virus, who will take the blame?

We should first turn our thoughts to God and ask him to show us where we went wrong, and ask him to help us to solve the problem for God is a just, good God, and he alone knows our ins and outs and we must always ask his forgiveness for when we judge others wrongfully.

and as the Scripture teaches judge not or you will be judged, Matthew 7.

So Father God I am asking for your forgiveness for when I stray from your commandments in Jesus name. Amen
