

THOUGHT FOR THE DAY: Thursday 25<sup>th</sup> April 2024

By Revd John Ohen.

Many thanks to everyone for making our Golden Wedding Anniversary such a blessing to Val and I.

May the Lord continue to shower his blessings on all of us.

Jesus proclaimed that he came to give us life and life to the full as in John 10. 10. We must agree that the goal of human existence is happiness or blessedness. To walk and move and have our being in God and to be filled to the measure with God's joy isn't wishful thinking. It's a promise of faith, which is the fruit and blessing of our baptism.

In baptism we were born again and became a new creation, and received God's life. We must try to live the life of the spirit. In doing so we can bear the fruit of the spirit. Good examples, like showing love, kindness. and patience.

Lord Jesus, the work of conversion is not just a human work but the movement of a contrite heart moved every day by grace to the mercy of God.
