

THOUGHT FOR THE DAY: Thursday 8th December 2022

By June Nimmons

My advent (since about ten years of age) has always followed the same ritual. After Sunday church and lunch we would always attend a local chapel for the messiah. Unfortunately those days are passed but I still settle down after lunch to listen to my CD of the Huddersfield choral society performance and this starts my advent season of things to do and enjoy!

Many thanks to June for her thought above. What are our Advent routines? And can we open to God speaking to us through them, just as he spoke to Mary, the Shepherds and the Magi as they went about doing normal routines?
