

Thought for the day – Thursday 1st September 2022

By Revd John Marshall

God of the Passionate Heart , Garth Hewitt

God of the passionate heart

Thank you for the values of your alternative community

They give us vocation

They give us causes

They show us the value of our neighbours

How to love one another

Why one person being treated unjustly matters

Because you are the God of the passionate heart

You are the God committed to the poor

We are in a world where they are forgotten as the rich get richer

You are the God who calls for purity of heart

You are the God who calls for action

For us to do justice and show mercy and walk humbly –

Thank you for the values of your alternative community

They give us our passion for life

May we never lose our sense of calling

From Holy dreams to feed the soul SPCK

Quoted in Occupied Territories IVP

What is your passion? What is your vocation? What motivates us?
