

Thought for the day – Wednesday 18th May 2022

by Revd Kit Gunasekera

The 2nd Big Bang!

I have started to read *Jesus 100*, a book by Robin Gamble.

He describes the Resurrection, as the 2nd Big Bang. The following excerpt and prayer are from his book.

"The Resurrection of Jesus can be seen as the second 'Big Bang'. A second act of totally unexpected and spontaneous creation of life. The first Big Bang happened about 13.8 billion years ago, no time, no space, no universe yet suddenly it happened and then everything sprang into existence. In the tomb the spirit/humanity of Jesus is dead; he has fallen into as huge 'Black Hole' from where no light, life or hope can escape. Suddenly the completely unexpected and inexplicable miracle of life explodes. Just like the universe being born out of the Big Bang so all life beyond death is born out of this second Big Bang."

Prayer:

Lord Jesus,

As you rose from the dead
and conquered the power of death
May you help me to rise today
To overcome any adversity
And to bring glory to your name.
Amen.

- *Jesus 100*, by Robin Gamble

I am reminded that Jesus said, I have come to bring life and life in all its fullness.

A question to ponder;

"Where is the resurrection in my life today?"
