

Thought for the Day – Tuesday 2nd March 2021

Who is my neighbour? – Rev John Ohen

We all are victims of Covid-19 in one way or another.

Covid -19 has infected very many people in this world, resulting to well over 1.5 million deaths, according to national statistics. I lived through a Covid attack and would not wish it on anyone, we thank God that some of us are still alive. The impact of this new virus has been overwhelming, as it stretched the health sector to almost breaking point, and almost destroying most countries economy but by far worst in the developing countries.

We are all still victims of this new virus which has brought chaos, wrecking global economy, and leaving tragedy everywhere, and many people could not say goodbye to their love ones. We pray for those who have lost loved ones, for all those in hospital and care homes, still suffering long term Covid syndrome or side effects of covid-19. We pray that the good Lord will continue to protect each and every one of us.

Thank God also for the discovery of various kinds of Vaccine. My wife and I have taken the jab and I would like to join the Queen and anyone who is hesitant about taken the vaccine to think about others as we are our brother's keeper.

Bible passage: [Luke 10: 25 – 37.](#)

Who is my neighbour? As in the "Good Samaritan", we should be our neighbour's keeper.

Prayer:

Lord Jesus, I ask for the grace to do to others as I would like them to do to me. Give me the wisdom that through love of God and neighbour I can become a better person. Amen.
