List Making Psalms in the City John-Paul Flintoff

All praise to God for lists,
for they help
impose order
on chaos.

When I'm feeling overwhelmed
I make lists

Doesn't everybody?

Noah couldn't have marshalled
all those pairs of beasts and birds
without a list.

But no human brain could imagine the list
Of every numbered hair,
And sparrow, and blade of grass,
etc.

What a list
SPCK

I have just mislaid the list I made for today.
